**Blog page navigation**

\*contact page

A dark-themed contact form. It features a large white text area with the placeholder text "or just leave me a message here". Below the text area is a grey "Submit" button.

**Textarea for user  
to leave a  
message**

\*contact page

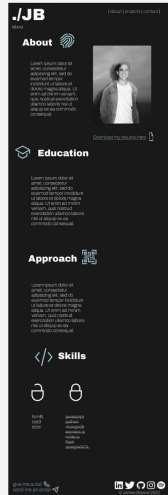

**Contact page social  
media links and contact  
links list**

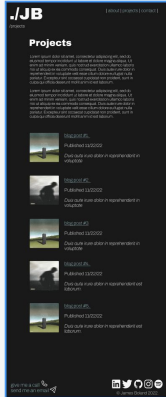

# Mockups

The image is a screenshot of a web browser displaying a Jekyll blog post. At the top left is the Jekyll logo, and to its right are links for 'about | projects | contact |'. Below the header is the title 'Blog post #3'. The main content area features a large, square image of a tall, dark, rectangular block standing in a grassy field under a blue sky. Below the image, there is a date 'Published 11/22/22' and three navigation links: 'next blog', 'previous blog', and 'back to projects'. The body text is a placeholder Lorem Ipsum. At the bottom, there is a footer with social media links and contact information.
